Return of Walter Penfield, Stenographer at the Pious Fund Hearing-Life-Review of the Week's Work of Every Nation Where Saving Service and Office of Commissioner of Navagation to Move to Builders' Exchange—Growth of the Internal Commerce.

### STATE DEPARTMENT.

Walter Penfield, son of William L

## WAR DEPARTMENT.

Secretary Root did not attend the Sanger acting the part of host. Secretary Root returned to this city last night from New York.

A pronouncing gazetteer and geographical dictionary of the Philippine Islands, with maps, charts, and illustrations. containing also the law of civil government in the Philippines passed by Congress and approved by the President July 1, 1902, has been issued by the War Department. The great number of inquiries addressed to the War Department from all parts of the United States for information regarding the Philippine Islands has indicated that a printed compendium of such information would

The present work is designed to fur-The present work is designed to lit-nish such information. The standard lit-erature relating to the Philippines at the time of American occupation was generally confined to books in Spanish, German, French, and Dutch, and largely of ancient date. The English books were usually translations, trade statistics, and consular reports. The hydrographic data contained in Spanish and English charts and instructions, and United States comand instructions, and United States compilations from the same, were limited to the requirements of navigation only. In the compilations of this work, not only the existing literature, but all available reports from military, naval, and civil officers, giving the observations and results of campaigns, expeditions, and reconnoissances, have been consulted. When the United States currently is sealed and separated. The certificates will be resulted when the Philippine Islands to make corrections and additions from their personal knowledge and experience. Their replies knowledge and experience. Their replies were universally commendatory of the character and scope of the work and of its value for ready reference. In many instances their replies were accompanied by material which was incorporated in the text. One of the features of the work is the spelling and pronunctation of geographic names in the islands. It is considered by the War Department to be a valuable piece of work.

Says that it is remarkable as regards both amount and constancy. In considered the work in the part of the chiral states have outside of the clyin underested the waterpower has been developed to a great degree and for its value for ready reference. In many instances their replies were accompanied to the clyin underest of the work in the part of last year's appropriation. The appropriation for the Naval Academy for the current year is \$249,905.77.

The appropriation for the clyin underest of the waterpower has been developed to a great degree and for absenting themselves from work and of its value for ready reference. In many instances their replies were accompanied to the current year and is \$3,678,321.05 to except of living of the working which has been such remarkable growth in the last low years such second, says Mr.

The appropriation for the clyin underest of the waterpower has been developed to a great degree and for absenting themselves from work.

Some the treplies were accompanied to the current year and is \$3,678,321.05 to except of living of the working water and of the current year is \$249,905.77.

The appropriation for the chiral transfer to the waterpower has been developed to a great degree and for a part of the waterpower has been the current year and the current year and the current year is \$2,678,321.05 to except purposes. Centen to a for the current year and the current year is \$2,678,321.05 to the current year and the current year and the current year and the current year and the part of the water power of

The Secretary of War has appointed an important board of officers of the army to meet in this city, December army to meet in this city, December 4 to prepare questions for the examination of candidates selected from civil life for appointment as second lieutenants in the army. The board consists of Col. John P. Story, Artillery Corps; Major Louis A. La Garde, surgeon; Mapor E. B. Fuller, Seventh Cavalry; Capt. F. P. Reynolds, acsistant surgeon; Capt. Mason M. Patrick, Corps of Engineers, and Capt. C. C. Clark, Fifth Infantry.

nance Department. Generl Crozier, Chief of Army Ordnance, recommends that the law be aniended, so that an officer while serving a detail in his de-partment, will be given advanced rank above that held by him in the line.

# TREASURY DEPARTMENT.

First Lieut. Asa T. Abbott, U. S. A. at his own request has been relieved by the Secretary of War from duty at the University of Washington. Seattle, Wash.

MARINE CORPS.

Frank R. Hanna, who recently resigned his position as chief clerk in the office of the major general commandant, United States Marine Corps, was presented by the Department. The present system begun by Secretary for the major general commandant, United States Marine Corps, was presented by the Department. The present system is said to be defective, however, in one particular, in that it holds out no incentive to young officers of the line obtain four-year details to the Ordnance Department. General Crozier, Chief of Army Ordnance, recommendant the law be attended, so that an officer while serving a detail in his de-officer of the law of the work of the many advanced rank.

BUREAU OF STATISTICS.
